Would you like to be part of the next generation of science education researchers?

Information is available at the | [Science Education Scholars](#) ^[17] | page. Also, consider applying for the | [ACS-Hach Scientific Annual Scholarship for Chemistry Teachers](#) ^[18] |.

Contact | [Vincente Talanquer](#) ^[19] |, the Faculty Advisor for this program.

Minors - BIOC or CHEM

Appointments for BIOC or CHEM minors are generally not necessary, as most questions can be answered during walk-in hours. If, AFTER consulting the requirements online for your catalog year, you still have questions, contact an advisor below. If an appointment is necessary, we will schedule one.

If you have multiple programs (degree plans), please specify which one should have the minor.

Please note that some programs do have double dipping policies that make a minor in Chemistry or Biochemistry difficult. Please check with your major advisor regarding their double dipping policies.
