

PhD Program

BIOLOGICAL CHEMISTRY PROGRAM

An Interdisciplinary Graduate Experience

The NIH supported Biological Chemistry Program (BCP) is a cross-disciplinary graduate program designed for research at the interface of Chemistry and Biology. Participating Faculty are primarily from the Departments of [Chemistry and Biochemistry](#) ^[1], and [Pharmacology and Toxicology](#) ^[2]. Students entering the Biological Chemistry Program may work with any of these faculty while earning a PhD in one of three degree programs.
