

HyperCube Scholar Award

Chemistry and Biochemistry is grateful for the generosity of Hypercube, Inc. in sponsoring the HyperCube Scholar undergraduate award!

This award is granted to **one outstanding student** who is presented with the high-powered HyperChem molecular modeling computer software program valued at over \$995! The winner of this award also receives a framed certificate of recognition signed by the president and CEO of Hypercube, Inc.

To be eligible for this award, students must be **officially declared undergraduate CBC majors in good academic standing** (and typically have >3.0 GPA in the major courses). To apply, students must submit a **letter of interest** indicating the value of this prize to their education or research interests. Letters must be submitted to the CHEM Advisor (in CHEM 225 or by email) by the last day of the spring term each year. A committee of faculty and staff will select the winner each year and present the award during the CBC reception in the spring.

Recent winners include:

- Thomas Yi, 2011
- Keeper Sharkey; 2008
- Stephen Gee; 2007
- Jason Tyler; 2005
- Sean Ustic; 2003
- Davian Pedroza; 2002
