

# Student Lockers

## Financial Responsibility

As a student in any chemistry lab, **you will be responsible for a set of equipment in your own locker** located in your lab room. At the beginning of the semester you will "check in" to your locker. At that time you will sign a locker card accepting responsibility for everything in the locker and the lock. Throughout the semester, you will borrow and return equipment from the satellite prep room located adjacent to your lab. At the end of the semester, you will "check out" of your locker and clear your file. At that time, you will be charged for any missing, broken, or lost equipment. These charges, if any, will be applied to your bursar's account.

*In the event that you drop a lab course, you will still be held responsible for checking out of your locker. If you do not, prep room staff will do so for you, and you will be charged a \$10 service fee in addition to any missing, broken, or lost equipment.*

ANY STUDENT WHO CHECKS INTO A LOCKER MUST CHECK OUT OF THE LOCKER BEFORE THE LAST DAY OF LAB FINALS TO AVOID A \$10 SERVICE FEE.

The last day to check out of a locker is usually the last day of lab finals, which always occurs before lecture finals begin.
