

Undergraduate Advising

Information for contacting Academic Advisors in following areas

| [BIOC Majors](#) | | [CHEM Majors](#) | | [SCED \(Science Education\)](#) | [Related Programs](#) | | [CHEM/BIOC minors](#) |

What Academic Advisors Do

Advisors assist students with:

- Understanding the respective major programs
- General education, foundation, and major coursework
- Schedule/course planning
- Transfer evaluations
- Adding majors and minors
- First and final stop for senior degree check
- Adjustments to UAccess advisement program requirement reports
- Interpretation and advice of policies and procedures
- Faculty Advisor assignments

Advisors also:

- help you identify and explore career options, and help you develop a plan for reaching long term goals;
- encourage you to take advantage of college success strategies and resources to help you reach academic goals;
- promote exploration of experiential-learning experiences and on-campus experiences to develop interpersonal and leadership skills, and explore career goals;
- promote your ability to think critically, solve problems, and make informed decisions about your future life plans;
- serve as mentors by providing personal guidance, support, and advocacy; and

- refer you to additional campus professionals who can also coach you in specific areas of development.

Contact an Academic Advisor

Current BIOC majors/minors

- Contact the BIOC Advisor (listed in the column to the right) with questions or to schedule an appointment.
- Faculty Advisors for BIOC majors provide advising on independent study, directed research, and senior capstone options. Faculty provide graduate school advising and transfer biochemistry course evaluation. BIOC majors are assigned a Faculty Advisor in their second year after completing BIOC 296b.

Current CHEM majors/minors

- Contact the CHEM Advisor (listed in the column to the right) with questions or to schedule an appointment.

SCED (Science Education) CHEM Option

- Contact [Vincente Talanquer](#) ^[1], the Faculty Advisor for this program.

Related Programs

In addition to BIOC and CHEM programs, the following programs are available on the UA campus to students:

[Pre-health Advising](#) ^[2]

[What To Do To Get Admitted to Medical and Graduate School](#) ^[3] - Video presentation by Marc Tischler

[Pre-pharmacy Advising](#) ^[4]

[Advising Resource Center](#) ^[5]

BIOC/CHEM minors

- Appointments for minors are generally not necessary. Most questions can be answered on a walk-in basis. Please check current walk-in hours. Your major advisor can add the BIOC/CHEM minor. We do not require that you meet with us to add the minor.
- If, after consulting the requirements | [online](#) [7] | for your catalog year, you still have questions, please email the respective BIOC or CHEM Academic Advisor (listed in the column on the right).
